Birmingham's Bishop Durick Speaks At Class Of '63 Baccalaureate Here

Baccalaureate speaker for the Class of 1963 at St. Michael's College will be the auxiliary bishop of the Diocese of Mobile-Birmingham, the Most Rev. Joseph A. Durick.

St. Michael's president, the Very Rev. Gerald E. Dupont, S.S.E., said that Bishop Durick will give the sermon to some 200 seniors Sunday, June 2, at 8:30

p.m. in the Cathedral of the Immaculate Conception at Burlington.

Commencement will follow the next morning at 10. At that ceremony St. Michael's will confer the honorary degree of Doctor of Laws on Bishop Durick.

A native of Dayton, Tennessee who received his early education in Bessemer, Alabama,

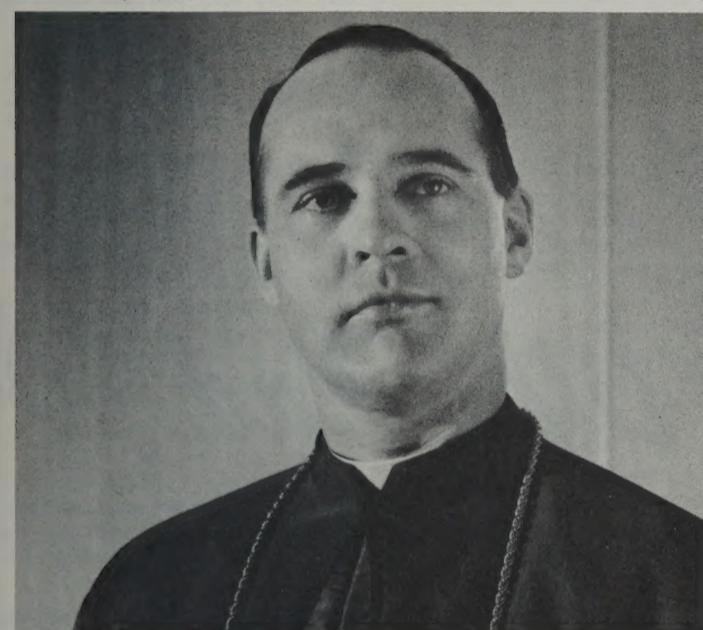

Bishop Durick was educated for the priesthood at St. Bernard College in Alabama from 1930-33 and at St. Mary's Seminary, Baltimore, Md., from 1934-36.

He was ordained at Rome March 23, 1940.

Except for the first three months of his priesthood, Bishop Durick spent 17 years working on and for the missions of his diocese. Aided by four priests and five Trinitarian Sisters, Bishop Durick directed some 20 missions in the Birmingham district.

Bishop Durick is an original member and past general chairman of the Outdoor Apostolate of the South and engaged in street preaching until 1946. He founded the Catholic Information Center in Birmingham and since 1944 has been diocesan director of the Priests' Eucharistic League of the Mobile-Birmingham Diocese.

In 1952, the late Pope Pius XII honored Bishop Durick by naming him a Domestic Prelate with the title of Right Reverend Monsignor. On March 24, 1955, he was consecrated Auxiliary Bishop to Archbishop Thomas J. Toolen, D.D., LL.D. of the Mobile-Birmingham Diocese. On August 31, 1962 the Archbishop named him Vicar General of the diocese.

The Most Rev. Joseph A. Durick

Official Warns Beachgoers

"Don't bring bottles to the beach! If you must pack beverages, bring them in cans!"

This was the message of Burlington Park Superintendent, William J. Keogh, which he delivered to a special meeting of the student government leaders and newspaper editors of the area's colleges last week.

Citing broken glass bottles on the beaches as his department's gravest concern, Mr. Keogh told the group that each spring the area students use the beaches for study sessions and beach parties and, in the process, litter the beaches with thousands of broken glass chips and slivers. "As a result," he said, "for the rest of the summer, beachgoers run the risk of picking up these bits of glass in their feet."

"Many serious injuries have resulted from this problem," he added.

He said that since college students are the sole users of the beaches during April and May, any such glass litter is naturally attributed to their carelessness by local residents. "And, of course, this reflects on the reputation of your schools," he said.

SMC Drill Team Wins 7th Straight N.E. Championship

The St. Michael's College Air Force ROTC Drill Team won its seventh straight New England championship at Westover Air Force Base, Mass. on Sunday, April 28.

Marching against tough competition the team faultlessly went through their routine of precision drill, winning the morning qualifying trials and the afternoon finals.

Brigadier General Alvan C. Gillem II, commander of the 57th Air Division, Eighth Air Force, Strategic Air Command, presented the awards to the team commander, Cadet Captain John Durkin.

When the team left campus to travel to Westover it was noted that there was an exceptional amount of team spirit and optimism. No member of the team had any doubt that they would not win first place. This feeling was reflected at the competition when the team lined up

with a cockiness and sureness that astounded the spectators.

As they marched onto the floor an accentuated strut was noted.

This was the seventh straight time that the St. Michael's team won the first place in unarmed competition. No team has ever beaten them in New England and no other team has ever captured seven straight championships. The team from Winooski holds the proud honor of never having lost a competition since it was formed in 1956.

Major Robert R. Wilkins, USAF, is the team's moderator. It has been his spirited guidance in the last three years that has prompted the team to higher and higher achievements.

In order to win the group had to beat competition from ten colleges and universities from New England and New York. Holy Cross, RPI, Trinity College (Hartford, Conn.) among others participated.

The SMC Drill Team performing one of its famous "Monkey Drills" at Westover A.F.B. competition. (Duganphoto)

"But honest, Mike, the forecast IS snow!" Jr. Weekend Co-chairmen Mike Martin (amazed) and Bill Jack (convinced) discuss "Tara" problems. (Duganphoto)

'Southern Hospitality' Key As Jr. Weekend Begins

by Jack Howe

WELCOME.

Tonight marks the beginning of *Tara*, the Junior Weekend of 1963. All the Michaelmen that are attending this gay and festive affair, and their dates, will be entertained by one of the most popular folk tune groups in the country, the Highwaymen. Having just completed a tour of the collegiate circuit from coast to coast these young men will ably assist Juniors in resurrecting the glory that was the South's not so many years ago.

In addition to college students, the Highwaymen have entertained night club audiences across the country in such well known places as the Blue Angel, Chicago's Living Room, etc. Millions more have enjoyed their music right in their living rooms when they came to call via television.

The Highwaymen have graced such programs as the Tonight Show and the Ed Sullivan Show.

Just before the Highwaymen make their appearance all the Southern beaux and belles gathered here will be tunefully entertained by the John Neves Duo. The Duo, consisting of a jazz guitarists and an accompanist, also has a distinguished backlog of performances.

They have appeared with such great bands as Lionel Hamptons' Stan Kenton's and Count Basie's. With such outstanding show biz personalities as these how can you avoid having a truly enjoyable time this evening?

Parents Visit Next Weekend

by Peter Scanlon

Parents' Weekend will be held on the 11th and 12th of this month. So far the school has received over five hundred replies to the notices that were sent out a few weeks ago inquiring as to the number of persons planning to attend.

The students are reminded that even though their parents are not going to be here, they themselves may participate in the activities, especially the President's Tea and the joint concert Saturday evening with Marymount College.

Students are also reminded to dress accordingly, whether they attend these activities or not.

But this is not all *Tara* has to offer. Through the great efforts of Co-chairmen Mike Martin and Bill Jack, The Thunderbolts will appear at St. Michael's tomorrow afternoon providing the music for the twisting party.

The Thunderbolts have appeared before at the Hilltop, to the enjoyment of those who have heard them play. Also on Saturday afternoon the Weekend Co-chairmen have arranged for a genuine Southern fried chicken barbecue.

FORMAL BALL

Saturday night has all the earmarks of being one of the finest evenings at SMCLAND in quite some time. The Junior Weekenders will attend the formal ball in Alliot Hall with dance music provided by that "Misty" man himself, Sam "The Man" Taylor, his sax and orchestra. Like the Highwaymen, Taylor has played the college circuit, recently appearing at the Universities of Connecticut and Massachusetts.

There is more to come, though, for in addition to Sam "The Man" Taylor, Miss Dakota Staton will be present.

For some years this fine jazz performer has been hitting the popular record market with phenomenal success. Besides the night club circuit, Dakota has sung at various jazz centers throughout the Nation including "Storyville" at Cape Cod where she played to a sell-out audience for six solid weeks during a recent tour.

Recently *Cashbox* magazine noted that the entertainment at SMC this weekend is most unusual providing the students with a variety of fine performers in one neat package. We are sure that those attending will agree wholeheartedly.

The Michaelman

THE WEEKLY STUDENT NEWSPAPER OF ST. MICHAEL'S COLLEGE, WINOOSKI PARK, VERMONT

A JOB WELL DONE

With the arrival of about 200 of the fairer sex on campus Junior Weekend, 1963, has gotten under way.

For the weekend's Co-chairmen, Mike Martin and Bill Jack, what transpires during these three days will be the end result of many months of dedicated labor on their part. The Class of '64 has been fortunate in having two men of their calibre to oversee the weekend's preparations.

Aiding the Co-chairmen have been the dozens of members of the various committees which are always essential to the organization of an event of this nature. Outstanding among these have been the "P-Day", Program, Finance, Tickets, and Publicity committees.

To all of these and to everyone else involved in the setting up of "Tara", a vote of thanks and of congratulations is due.

TUESDAY'S CLASS ELECTIONS

Next Tuesday will be election day on campus. It is hoped that there will be a 100% turnout at the polls.

The men elected Tuesday will lead their classes and represent their constituents in the Student Forum for the coming year. With the increasing effectiveness which the Forum has been exhibiting over the past year it is now more than ever before important that those voting in the class elections choose responsible, articulate representatives.

With a high calibre Student Forum membership for the coming year, student government at St. Michael's will be able to continue its climb to the place it rightly deserves in the life of the college community.

ABOUT THOSE BEACH PARTIES . . .

As a reminder that the actions of a few can reflect upon the reputation of the many, notice should be taken of the front page story in this issue concerning the use of the Burlington beaches. Park Superintendent William Keogh stressed repeatedly at the special meeting mentioned in the story that his department is asking only that the area students "...meet us halfway and police themselves".

Obviously, rowdyism and wanton vandalism are not symptomatic of the mature mind that a college student should have. We hope that beachgoing Michaelmen will behave like the men they are supposed to be.

BRIDGING AN "INFORMATION GAP"

Many future senior classes stand to benefit from a project undertaken by the Student Forum this spring. Acting on a motion by representative Thomas McHale, the Forum has established a library of more than 100 graduate school catalogues which will make available to any student information on courses, costs and fellowships at most of the nation's leading graduate study centers. This library is to be opened in the fall and will be located in the basement lounge of Joyce Hall.

Those members of this year's graduating class who have investigated graduate study opportunities on their own will realize how valuable this new library will be to future classes. In the past, all too little information and guidance have been readily available concerning graduate study to interested Michaelmen.

While there are several professors on campus who are more than willing to advise students interested in graduate work, obviously no one of them can provide complete information on every graduate school. Ideally, a college of the size and orientation of St. Michael's should have a full time guidance officer whose duties would be to maintain files of current information covering every field of graduate education.

Until the day when St. Michael's will have such an office the Forum-sponsored catalogue library should help to bridge this "information gap".

The Forum

by Bill Eagan

This week's meeting of the Student Forum was the last for this year's organization. The business for this academic year was finished and the next meeting will be an organizational meeting for the new members of the Forum for next year.

This year's members leave behind them an admirable record of accomplishments and constructive actions. Special commendation is appropriate for the President, Mr. Pat Bergin, for his time and effort.

The meeting started this week with talks by Mr. William Keogh and Fr. Gokey. Mr. Keogh, the Commissioner of Parks for Burlington, stated that the beaches will be open for student use this year, with only a slight charge for parking. He requested student cooperation with their major problems, first the matter of respect for the property of Burlington and secondly, the matter of not bringing bottles to the beach.

Fr. Gokey, without mentioning the names, reviewed several recent decisions of the disciplinary board. He emphasized that the board is only a fact finding body. He stated that this talk was necessitated by some misunderstandings among the student body.

OLD BUSINESS

Old business was wholly taken up with the constitutional amendments that were discussed at the previous meeting of the Forum. Mr. Joe McLaughlin moved that the section on eligibility for Office in the Forum that had been passed before, be rescinded. The motion was passed with a sub-

stantial margin.

This move made the other sections of this amendment, that had previously been postponed, completely superfluous. Thus the Forum defeated them when they were brought up, for official reasons only, by Mr. Jack Kadzik.

NEW BUSINESS

Junior Weekend, this year and next, was the center of interest in this section of the meeting. Mr. Brian Quinn moved that the candidates for the position of Junior Weekend Co-chairman be required to be nominated and elected in pairs. This motion was passed.

This year's Co-chairman, Mr. Bill Jack, assuming a seat yielded by Mr. Mike Smith, moved that the Junior Class be given exclusive use of the Weekend. This motion was passed unanimously. Speaking again from a seat yielded by Mr. Tom McHale, Mr. Jack requested that the Seniors yield their parking privileges for the use of the Juniors during the Weekend. Several of the seniors present said that they were sure that this could be accomplished.

The Crown & Sword society, in the person of Mr. Dennis Marcoux, asked that the Forum back its endeavor to publish a datebook for next year. After the procedure was straightened out the motion was passed.

The last motion of the meeting was introduced by Mr. Joe Hanley and asked that the campus chapter of the N.F.C.C.S. be reduced to the status of a B club. Due to the relatively poor showing of the club this year, the motion was passed.

The Lilly Pad

by Bob Lilly

The end of the year is rapidly approaching and with this rapid approach is coming an equally rapid degeneration of manners on the part of some of the students; that's implying of course that a certain segment of the students had manners to begin with, although this is questionable. However, at present this position is becoming deplorable, unreasonable and un-called for.

Without a doubt, the warmer weather is causing a certain amount of laxity which is almost acceptable and which is expected. Beach parties are again becoming popular and with these parties will undoubtedly come an increase in the stock value of the local breweries. On its own, this practice is quite acceptable.

THE CAMPUS CHARACTERS

However, there is always a small percentage (or could this percentage be higher than one would like to admit) of so-called students who take advantage of a good time and bring a bad face to the school. An even more deplorable condition exists among the "stand-bys" or the heretical idiots, which is what they really are, who watch and laugh. For which is worse; to participate in all the well-known and uncouth activities of the campus slobs or to stand by at a respectable distance and urge them on? If you want these activities to continue you should at least have the courage to take the chance of being an active member in that society.

If one would take the time to study the consequences of these actions and the result that they have on injuring the name of the college maybe one would think twice before entering into them or cheering others on. If they hurt the name of the

school they also hurt the chances of all the students of the college to receive good positions in the business, educational, or other fields which they may be endeavoring to enter.

This comment leads to another related subject. This writer, recently saw and heard what he thought to be an uncalled for and completely foolhardy occurrence. This happened as he was walking across campus and Mr. MacDonald was showing some expectant future student around the campus. A group of three seniors saw him and immediately began to yell in a tone loud enough to be heard by him that the college was no good and that anyone with a College Board score of 250 would be acceptable. It is maddening actions such as these that can really give one a bad taste for some of the students, or if the person is new to the area, it can drive him to a position against the college. The only people that this hurts are the students who must try to succeed among these same people.

GO SOMEWHERE ELSE

It would seem that if one didn't like the school he would go somewhere else. Why ruin his own chances of success? And this is what some are doing!

Another thing to be covered here is in the form of a question: why should you as conscientious students who care about your future welfare let the actions of a minority ruin your reputation before you have a chance to do so yourself? That seems to be taking away your basic right of freedom of choice. In other words, to all who so desire, ruin your own reputations and leave others' and the school's alone.

LETTERS

To The Editor:

During the last few months, there has been considerable work done in connection with formulating an international club on campus. Seven students along with three professors, Dr. Henry G. Fairbanks, Dr. Cleveland Williams, and Mrs. Gladys Keelty of the Program of English for Foreign Students Department, sat together in several sessions and worked out a comprehensive plan of operation for a club of this type.

The purpose of the club is to promote better understanding among people through discussions of intercultural affairs, and to assist the students coming to St. Michael's from other lands to make them more comfortable in their new surroundings.

It is hoped that this new organization will be a vehicle of stimulation to those interested and it is felt that one can only profit from participating in such a venture.

Sincerely,
James Graham

To the Editor:

On behalf of all who are attending this year's Junior Weekend, I wish to take this opportunity to express sincere thanks to the Senior Class for relinquishing their parking privileges for the convenience of those coming to "Tara."

I am sure that this voluntary cooperation will be greatly appreciated by all.

William D. Jack
Co-Chairman
Junior Week-End '63

Drama Group Picks Officers

At an informal meeting following the Comedy of Errors, the Drama Club elected officers for its 1963-64 season.

As newly elected President, Thomas Munn, presided over the elections of Vice-President Steven Mayo, Secretary-Treasurer Thomas O'Connor, and Production Co-ordinator Donald Harting. All those elected at the April 5 meeting are of the Class of '66.

The officers, in conjunction with moderator Mr. Donald Rathgeb, set April 28, as a tentative date for a cast party. Repertoire, field trips, and workshops were also discussed for the up-coming season.

The Club plans to run a membership drive shortly after the Easter vacation to appraise campus interest in the field of Drama.

Successful SMC Debaters Pick L'Herault

The Newman Debate Society of St. Michael's College has brought the current season to a successful culmination, maintaining the impressive 500 plus average which was established four years ago on the Hilltop.

The inter-collegiate topic this year was "Resolved: THAT THE NON-COMMUNIST NATIONS OF THE WORLD SHOULD FORM AN ECONOMIC COMMUNITY." The resolve focuses on international affairs, both economic and political.

The nature of the proposition lent itself to cases functioning on a logical construct and not depending altogether on mass evidence techniques. The society of debaters welcomed this type of topic as one compelling a greater interest in both participants and observers and presenting a greater freedom to the forensic squads to develop unique approaches to the subject.

The timeliness of the topic was pointed up by the new developments which occurred in the Common Market situation throughout the season.

New possibilities of attack and defense were constantly opened up. This is an unusual circumstance in debate, for things at an advanced stage of the season are generally crystallized to the point where debaters rely more heavily on delivery and rhetorical technique than the surprise element of springing an unprecedented plan.

Defending both sides of the proposition demands that the debaters have not only an extensive knowledge of the question but also the flexibility to argue alternative positions in succession.

The season's end reveals that

Newly named Debate Society President, Joseph L'Herault. (Duganphoto)

out of 96 rounds of decision debate in which St. Michael's has engaged this year, the Hilltop teams have captured 48 and won 3 by default.

The coaching staff this year was headed by Prof. Jack Stewart who, in 1959 guided a crack St. Michael's team to the regional finals.

The society also welcomed to its staff Dr. Frank Morrissey, Assistant Editor of the Vermont Catholic Tribune and an experienced debater in his own right. Dr. Morrissey attended the away Tournaments and conducted the weekly intra-club sessions.

Besides representing St. Michael's at inter-collegiate competitions, the debate society also holds demonstration debates for various clubs and organizations in which the purposes, goals and techniques of debate are explained.

Graduating this year is Presi-

dent Thomas Roney who joined the society in his freshman year and has given unstintingly of both time and effort to contribute to the club's success.

Succeeding to the position of President is Joseph L'Herault, a veteran of three years' experience in inter-collegiate varsity debate.

The nucleus of next year's team comprises members who have faced the stiff opposition of such nationally known forensic competitions as M.I.T., Brown, Amherst, Holy Cross, Boston College, Harvard and Boston University.

At the head of the coaching staff next year will be Dr. Morrissey who has expressed himself to the effect that "... the strength and experience of next year's teams ought to insure St. Michael's a leading position in the eastern debate circuit."

Fed. Career Day Draws Students

by Peter Scanlon

Federal Career Day was held at St. Michael's April 24. Various district federal offices, such as the Bureau of the Internal Revenue and the Department of Health Education and Welfare, to name a few, set up exhibits in Alliot Hall.

Students were given the opportunity to obtain information about the occupations available in the Government. Booklets and applications for the Civil Service Examination were also made available.

Mr. Philip J. Howigan, Placement Director at St. Michael's, told the MICHAELMAN that the representatives were pleased with the attendance and seriousness of the students.

They were especially impressed with the interest of the juniors. A representative from the General Service Admission said that one St. Michael's student is being employed by the G.S.A. this summer in the Boston Area.

The representative also stated that he had talked with over two hundred students throughout the day, not just from St. Michael's but from Trinity, UVM, and Champlain as well.

Similar Federal Career Days were held recently at the University of Maine and the University of Connecticut. Another Career Day will be held this fall at the University of Vermont and the following year it will return once again to St. Michael's.

Author Vance Packard At SMC Lecture Series

by Timothee Tessier

"We are becoming a nation of happiness seekers building a fun culture," said Vance Packard, social critic and author at St. Michael's College Thursday evening, April 25.

Speaking at the Student Forum Lecture series, Packard went on to explain his idea of what's happening to the American character.

Technological changes resulting in growth of population, greater mobility, organization and production capacity are occurring at a rate too fast for the American public to digest.

Packard then switched to the flood of advertising being showered on the American public.

He mentioned the fact that in an average day the American people hear 1,518 selling messages per day on radio and an average of 67 hours of the same on TV.

On the credit rage prevalent in America, reference was made

to an advertisement encouraging the installment plan as "moral and fun."

The dynamic economy of the United States, says Packard, is one of "fortified abundance," and the ability to keep up with its tempo is all but impossible. The problem of America is that "we cannot adjust to our abundance," says Packard.

Referring again to the advertising mediums, Packard related that in his opinion, there is more narcissism in one night of television than the Greeks dreamed of in all their philosophies.

In answering the question, "What can we do about this problem of materialistic flooding?" Packard offers these solutions: The public must first learn to say no, protest what they don't like, and educate themselves in the field of consumer products. These, he claims, are the greatest weapons we have of keeping ourselves from "... creeping stagnation."

Author Vance Packard discusses his lecture with Forum Lecture Series Committee members Joseph Guilfoyle (standing) and Ronald Lysik. (Duganphoto)

Mothers' Day Triduum May 6-8

by Michael Burns

Rev. Nelson A. Ziter, Spiritual Director, announced Sunday that in place of the traditional May Day ceremonies, which have been abandoned this year due to the amount of work involved and the dependency upon good weather, there will be instead a Mother's Day Triduum.

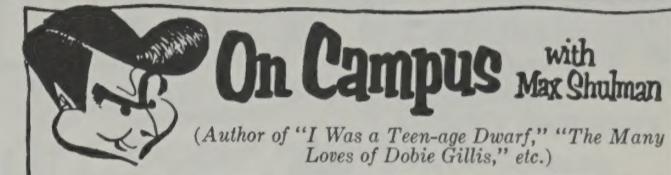

This Triduum will be held on May 6, 7, and 8th. There will be no sermons and it will be up to the individual student to attend Mass.

The Masses will be offered to

the Blessed Mother in honor of the mothers of all Michaelmen.

There will be Mother's Day cards available explaining the reason for the Triduum. They may be obtained at the Chapel the last day of the Triduum or may be procured from Father Ziter or in 120 Founders Hall.

Father Ziter urges all students to attend this Triduum for their mothers and hopes that they will make the necessary sacrifices in order to give their mothers this "finest of Mother's Day gifts."

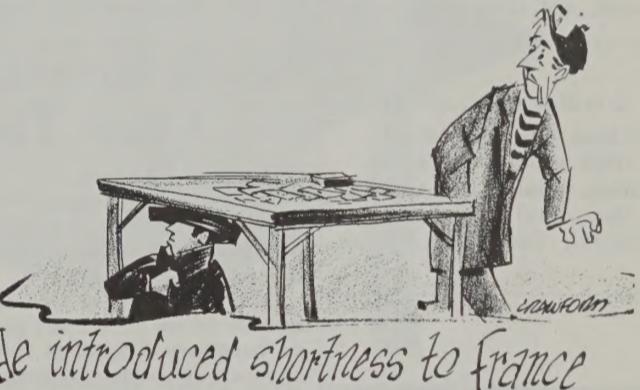

(Author of "I Was a Teen-age Dwarf," "The Many Loves of Dobie Gillis," etc.)

HOW TO SEE EUROPE FOR ONLY \$300 A DAY: NO. 2

Last week we discussed England, the first stop on the tour of Europe that every American college student is going to make this summer. Today we will take up your next stop—France, or the Pearl of the Pacific, as it is generally called.

To get from England to France, one greases one's body and swims the English Channel. Similarly, to get from France to Spain, one greases one's body and slides down the Pyrenees. And, of course, to get from France to Switzerland, one greases one's body and wriggles through the Simplon Tunnel. Thus, as you can see, the most important single item to take to Europe is a valise full of grease.

No, I am wrong. The most important thing to take to Europe is a valise full of Marlboro Cigarettes—or at least as many as

the customs regulations will allow. And if by chance you should run out of Marlboro in Europe, do not despair. That familiar red and white Marlboro package is as omnipresent in Europe as it is in all fifty of the United States. And it is the same superb cigarette you find at home—the same pure white filter, the same zestful, mellow blend of tobaccos preceding the filter. This gem of the tobacconist's art, this prodigy of cigarette engineering, was achieved by Marlboro's well-known research team—Fred Softpack and Walter Fliptop—and I, for one, am grateful.

But I digress. We were speaking of France—or the Serpent of the Nile, as it is popularly termed.

Let us first briefly sum up the history of France. The nation was discovered in 1066 by Madame Guillotine. There followed a series of costly wars with Schleswig-Holstein, the Cleveland Indians, and Jean Jacques Rousseau. Stability finally came to this troubled land with the coronation of Marshal Foch, who married Lorraine Alsace and had three children: Flopsy, Mopsy, and Charlemagne. This later became known as the Petit Trianon.

Marshal Foch—or the Boy Orator of the Platte, as he was affectionately called—was succeeded by Napoleon, who introduced shortness to France. Until Napoleon the French were the tallest nation in Europe. After Napoleon most Frenchmen were able to walk comfortably under card tables. This later became known as the Hunchback of Notre Dame.

Napoleon, after his defeat by Credit Mobilier, was exiled to Elba, where he made the famous statement, "Able was I ere I saw Elba." This sentence reads the same whether you spell it forward or backward. You can also spell Marlboro backward—Orobram. Do not, however, try to smoke Marlboro backward because that undoes all the pleasure of the finest cigarette made.

After Napoleon's death the French people fell into a great fit of melancholy, known as the Louisiana Purchase. For over a century everyone sat around moping and refusing his food. This torpor was not lifted until Eiffel built his famous tower, which made everybody giggle so hard that today France is the gayest country in Europe.

Each night the colorful natives gather at sidewalk cafes and shout "Oo-la-la!" as Maurice Chevalier promenades down the Champs Elysees swinging his malacca cane. Then, tired but happy, everyone goes to the Louvre for bowls of onion soup.

The principal industry of France is cashing travellers checks.

Well sir, I guess that's all you need to know about France.

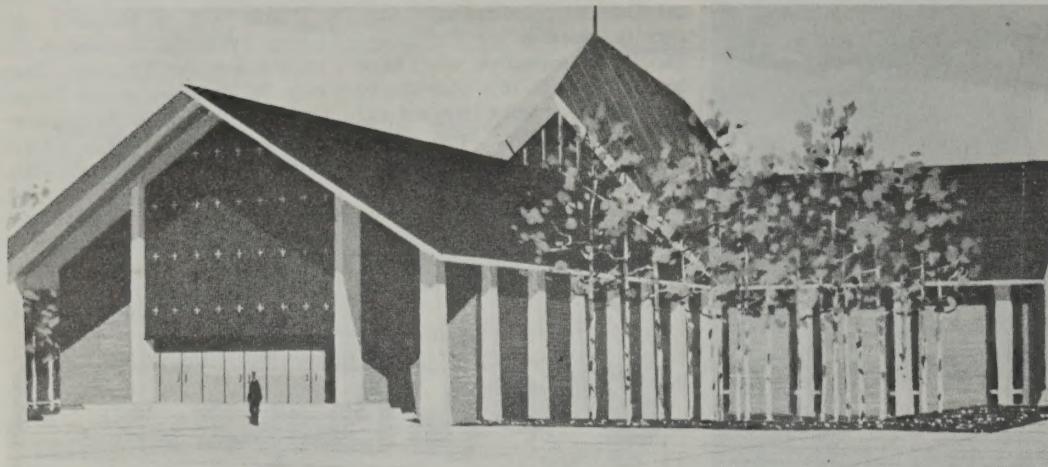

Next week we will visit the Land of the Midnight Sun—Spain.

© 1963 Max Shulman

* * *

Next week, every week, the best cigarette you can buy the whole world over is filter-tipped Marlboros—soft pack or Flip-Top box—you get a lot to like.

Chapel Drive Progressing Well; Parish Aid Asked In Bishop's Note

An architect's sketch of the proposed St. Michael's College chapel.

by Bill Troy

Viewing the progression of the Chapel Drive, one might see that things are going along quite well. In speaking to the Michaelman, Mr. Jack McGuire of the Business Office released some recent figures concerning the drive which are of prime importance to the students who will be using the chapel.

To date, the school has received a total of \$140,000 in cash and \$500,000 in pledges. This total represents the contributions of three groups: the St. Michael's Alumni, the student body, and the clergy of the diocese.

Approximately 400 calls or visits have already been made on alumni, and these have yielded

190 gifts totalling \$79,000. So far the acceptance on the part of the alumni has been good: 6 out of 10 have responded.

The latest figures on class contributions show that the Sophomores have a total of \$364.91; they are working towards a \$2,000 memorial in the form of a confessional. The Freshmen have \$155.25, the Seniors \$136.60, and the Juniors \$116.75.

The third phase is perhaps the least known, but still an important part of the overall effort. Over 100 gifts have already been pledged by the clergy of the diocese.

Sunday, April 28, the fourth phase of the drive was begun in the form of a letter from Bishop

Joyce asking the parishioners to contribute generously. The school hopes that it will receive \$400,000 in this way toward the goal of \$1,000,000.

Mr. McGuire also announced that the ground-breaking for the chapel, originally scheduled for Parent's Weekend, has been deferred. He said that the Alumni have requested Fr. Dupont to postpone this event until Homecoming Weekend in mid-August, mainly because this is their only opportunity to visit the college every year, and because they are hearing the greatest *per capita* burden of the drive. There will, however, be no loss in construction time, because the required funds for breaking ground are not yet present in full.

Stock Investment Award Goes To Chuck Rogers

by John David Soracco

The winners of the annual stock investment contest were announced last night at a special meeting of the Forum.

Early in October of 1962 each member of the Forum was given an imaginary \$10,000 to invest as wisely as possible while realizing as big a profit as possible. Immediately upon leaving the meeting at which the contest was announced almost all of the members scurried back to their rooms and picked an issue of the Wall Street Journal out of the ever growing pile and as 'scientifically' as time would allow, they chose the companies in which they were to invest this purely imaginary amount of money.

Seven months were to pass before the entries could be checked for total gain on the \$10,000 investment and as might be expected many of these entries were found to be 'in the red' (better red than dead, no?). On the other hand there were very many members found to be quite ahead in this little game of pseudo-speculation. Many of the entries featured surprisingly high rates of return on the investment, the highest being considerably over 50%.

The announcement of the winners was made by past Vice-

President Ed Dilworth. Ed remarked that the obvious thought, general attitude, and exceptionally high participation were absolutely outstanding and represented a very interesting and extremely promising future for the Business Forum.

A first prize of ten dollars was awarded to Chuck Rogers with a total return of \$5,902 on the \$10,000 investment. Charlie invested his entire \$10,000 in Gulf and Weston, apparently he had a 'hot' tip as this is a relatively unknown firm.

Second place was awarded to Freshman Bruce Philips. Bruce received five dollars for his effort. He placed his \$10,000 in Superior Oil of California, Polaroid, and Sperry-Rand Corp. Bruce realized \$5,262 on his investment.

A three dollar third prize was received by Jose ('Pepe') Cao-Garcia. 'Pepe' invested his \$10,000 in Frue Trucking and realized an imaginary profit of \$5,000.

Accompanying this monetary remuneration in greater abundance was the praise of all the members of the Forum and of Moderators Mr. Fortune, and Mr. Knight.

The Forum is now working for a field trip to Montreal to the Royal Bank of Canada.

Dear Abbot

by Ernie Church

Dear Abbot,

What is the big attraction at this year's Junior Weekend? Curious

Dear Curious,

There won't be any snow.... I hope!

D.A.

Dear Abbot,

Is it true that the juniors will inaugurate a new dance during Junior Weekend?

P.T.

Dear Phys.,

Yes, it's called the 5 BX.

D.A.

Dear Abbot,

I have to pay for my girl's trip home after Junior Weekend and I'm afraid that I won't have too much money when the weekend is finally over. Any suggestions?

No-Dough

Dear Broke,

The Rutland Railroad has very reasonable rates.

D.A.

Dear Abbot,

I don't think that's too feasible because my girl doesn't like trains. Still No-Dough

Dear Worse-Off,

Well, the Winooski River must lead somewhere!

D.A.

Dear Abbot,

Any advice for keeping cool while dancing?

Co-ed

Dear Co-ed,

Mum's the word!

D.A.

Dear Abbot,

How could I give my girl a really swinging time this Junior Weekend?

Swan

Dear Swan,

Just treat her to some of that old "Southern Comfort".

D.A.

Dear Abbot,

The campus is really shaping up now that Junior Weekend and Parents' Weekend are approaching, isn't it?

Nature Lover

Dear Nut,

Well, this year, we got a really good deal from Hertz Rent-a-Bush, so we're taking full advantage of it!

D.A.

Dear Abbot,

What are you doing on Junior Weekend?

Wondering

Dear T.R.,

I'm going to be moved by the spirit -- like most of the juniors.

D.A.

Dear Abbot,

What's this year's Junior Weekend slogan?

Dubious

Dear Du,

I heard it was, "You take the low road and I'll take the high road."

D.A.

P.S. Have a blast for yourself and me, too!

WSSE Officers Appointed;

M.L. John New Station Mgr.

Newly appointed radio station officials grimacing for the newspaper camera are: John McDonald and Mike Martin (seated), and Michael John and Tom Johnson.

The appointed officers of the campus radio station, WSSE, for the 1963-64 academic year, have been announced by G. Lindell Abbott, Station Manager.

They are: Michael L. John, Station Manager; J. Thomas Johnson, Program Director; Michael Martin, Personnel Director; and John McDonald, Chief Engineer.

The new directors assumed their positions on April 1st and

will operate the station for the remainder of the year. This time serves as a training period during which they will become familiar with their new positions. The outgoing directors will serve in an advisory capacity during this time.

The new Station Manager, Michael John, will appoint a News Chief and a Publicity Director before the end of the year.

Opportunities Awaiting Ex-Peace Corps Men

by Ronald A. Sudol

"Two years in the Peace Corps today can be as significant as a Rhodes scholarship," says Dean John Monro of Harvard College. Yet just two years ago, before the Peace Corps was a working reality, it was considered by many to be an unrealistic draft-dodging device certain to attract

However, it is now clear that consider their two year tenure "lost time." The opportunities for returning volunteers have grown in proportion to the success of the Peace Corps.

The Department of State is anxious to take advantage of the experience gained by volunteers for its Foreign Service. It is offering many incentives including an immediate appointment to the Class 7 salary scale (\$6810-8160).

Edward R. Murrow of the United States Information Agency has been urging Corpsmen to consider careers in the USIA. He has promised choice assignments and special training programs.

All government agencies particularly the Agency for International Development, the Public Health Service, and the Bureau of Indian Affairs have indicated that service in the Peace Corps is of great credit to applicants.

Fellowships and scholarships have become abundant for returning volunteers. Some of the graduate schools offering special programs are Yale, Syracuse, Pittsburgh, American U., Adelphi, Columbia, Fordham, Hunter, New York, Buffalo, Arizona, Johns Hopkins, Oklahoma, and Indiana.

In addition, the National Association of Secondary Schools and the New Haven, Conn. school system have made offers to attract returning volunteers to elementary and secondary education.

The First National City Bank of New York wants people to operate overseas branches. One company is providing investment capital to volunteers who want to start small businesses in Latin America and Africa. New York and Chicago are interested.

Catholic Poetry Soc. Of Amer.

To Sponsor Contest Here

by James Bosjolie

Starting next September the Catholic Poetry Society of America will sponsor a poetry contest here on campus. This is a nationwide contest and is open to all students of St. Michael's.

Anyone wishing to enter should put his entries into an envelope marked "poetry contest" and place it in the registrar's office at anytime during the year before the deadline of April 15, 1964.

Mr. John Engels, sponsor of the contest at St. Michael's, states that there will be no restrictions placed on these poems as to length, form or subject matter. Any student can enter a poem or group of poems as often as he likes during the year.

Judging will be done by a committee composed of Mr. Engels, Dr. Edward Murphy, and Mr. Bernard Gore. The winner will receive a bronze medal for merit representing the best single poem.

or group of poems submitted. Furthermore, his poem may be published in "Spirit" the Catholic Poetry Society's magazine.

As to why one should enter, Mr. Engels says, "The contest is an especially good thing in that it provides the beginning poet with an incentive, reward for excellence, and publication." Anyone wishing more information on this subject should see Mr. Engels personally.

1907 WILLISTON ROAD

DILLY-WAGON

Guess who offered me an executive position with a leading organization, where I'll get good pay, further my education, and enjoy world travel?

My uncle.

In this case, nepotism's a pretty good idea. And the best way to get it is through Air Force ROTC—because the Air Force prefers to commission its officers directly upon graduation. But if you couldn't fit AFROTC into your schedule, you can still apply for Air Force Officer Training School.

OTS offers college men and women an opportunity to assume great responsibility. When

you complete the three-month course, you'll be commissioned a second lieutenant, and become a part of a vital aspect of our defense effort. As an Air Force officer, you'll be a leader on the Aerospace Team.

We welcome your application for OTS now—but the same may not be true next year. So if you're within 210 days of graduation, get full information from the Professor of Air Science.

"Psst!"

Final Exam Schedule Exposed!

REVISED FINAL EXAMINATION SCHEDULE - MAY 15-29, 1963

All reported conflicts have been resolved by rescheduling or by arranging special exams.

N.B. Again this year all students must present an admission card to each examination. Cards may be obtained at the Treasurer's Office beginning Friday, May 10. Exam proctors will collect cards in the exams rooms. Any student not having a card will be sent to the Registrar's Office with consequent time lost for examination period.

Music To Study By Or Turn Off

by Ronald A. Sudol

We are exposed with increasing frequency to lyrical masterpieces in our popular songs such as the one quoted below. It is clear that our young semophysical poets have grasped lofty ideas and converted them into touching and simple verses. Notice especially the clever and intricate use of the metaphors of raindrops and teardrops (which conveniently also rhyme).

This is not an ordinary run-of-the-jukebox song because it comes to grips with one of our most serious problems today: Should grown men cry or rain? The central theme tells us that grown men should only cry rain when they don't know where their love has gone. The poem's graceful yet throbbing didactic timer adds considerably to the image of a cloud in heaven. The poet is to be rewarded with countless dimes so that he may be encouraged to leave for preposterity other such lyrical gems.

Here is the unofficial translation:

A raindrop,
So many raindrops!
It feels like raindrops,
Falling from my eye, eye, ah
ya
Falling from my eyes.
Since my love has left me
I'm so all alone.
I would bring her back to me.
But I don't know where she's
gone, awn,
Don't know where she's gone.
There must be a cloud in my
heaven;
Rain keeps falling from my
eye, eye, ah ya,
Falling from my eyes.
Oh, no

Golf Pro Holds Clinic; Students, Faculty Attend

Coach Ed Markey and Fr. Lanoue look on as Fathers Morin (in rear) and Condon (slicing) discuss their technique. (Duganphoto)

On April 4th under the organization of Athletic Director George "Doc" Jacobs, a golf clinic was held in the gymnasium. The clinic was given by the teaching pro of the host Burlington C.C., Steve Pcolar.

Pcolar, who originally comes from Madison, Conn., home of touring professional Julius Boros, held the clinic for about fifty people. Among the persons attending were Fr. Morin, Fr. Condon and the members of the varsity golf team.

Pcolar showed his abilities for two hours by demonstrating how various points of the game of

Beachgoers

(Continued from Page 1)

Mr. Keogh called the student representatives to the meeting to ask their cooperation in informing the area students of the problem and to outline his department's policies on beach usage. He said that the North Beach will be the only municipal beach open this month and that its operating hours will be 1 P.M. to sundown.

A policeman will be on duty at all times to oversee parking and "to prevent rowdyism and vandalism at the beach", he said.

"There are parking facilities at the beach", he said, "which can be used for a fee. For a Vermont registered car the fee is 50¢ while an out-of-state vehicle will be charged \$1.00. Also, the concession stand will be open for business."

Mr. Keogh told the group that he had already met with the Deans of the colleges and had been assured of their full cooperation. He warned that any student who violated the beach rules will be reported to his school's authorities.

"But", he said, "we don't want to have to resort to calling in the school officials. What we want is for the students to meet us halfway, to police themselves. If we can have the cooperation of the students themselves, I'm sure there won't be any problems."

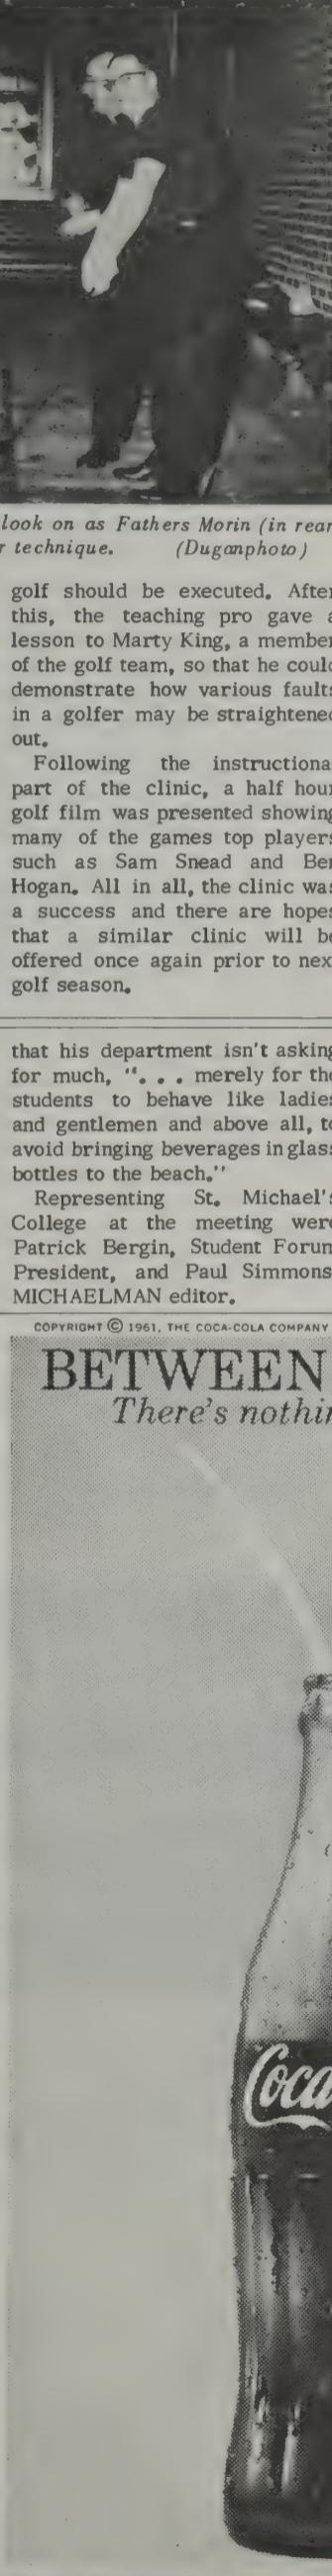

He concluded with the reminder

Knights Split Doubleheader With Larries, 1-0, 4-3; Dupras Excels

St. Michael's College and St. Lawrence University split a double-header on Saturday afternoon. The games, which were played in Canton, N.Y., were extra inning affairs. Both games were scheduled for seven innings.

The Knights blanked the Larries 1-0 in eight innings in the first game. This was St. Michael's first victory of the season. St. Lawrence won the second, 4-3 in ten innings.

St. Michael's scored the only run of the first game in the top of the eighth. Ron Lysik opened with a single. After Jim Pawlowski flied out, John Jachym singled. Bob Colclough forced Lysik, Jachym reaching third base on the play. Pitcher Fred Dupras hit to the second baseman who threw to the plate. Jachym scored when catcher Dick Metcalf dropped the ball trying to tag him.

Righthander Dupras was credited with the victory, allowing

only three hits, striking out two and conceding two bases on balls. No Larrie player reached third base.

The losing pitcher, Alex Klutch, showed excellent control striking 14 Knights and conceding no base on balls.

St. Michael's lost the second when relieving pitcher Dave Matt forced in a run with a walk with the bases loaded.

Matt started the tenth in relief of starter Rod Bushel. After Grant Whits reached first on an error, he went to third on a wild pitch. Matt retired the next two hitters without difficulty. The Knight hurler then filled the bases with two intentional walks before forcing in the winning run with another base on balls.

The Knights went ahead in the top of third when they scored two unearned runs on three successive errors. St. Lawrence scored their first runs of the afternoon in the same inning. A single, a

stolen base and an error accounted for the run.

The Larries tied the score at 2 in the fourth with a single, a fielder's choice and a balk by pitcher Bushel.

St. Michael's scored its last run in the seventh when Mike Smith reached third on a hit and an outfield error. John Hartigan drove him in with a single.

St. Lawrence again tied the score in the same inning on a walk and a double. Then the Larries proceeded to taking the extra inning decision.

With this split, the Markeymen pushed their record to 1-2 as they lost their opener to Clarkson by an 8-0 count.

SMC Nine Slips By Middlebury

On Tuesday, April 29th, St. Michael's College varsity baseball team evened its season mark at 2-2 by defeating Middlebury College 1-0 behind the masterful pitching effort of Junior Dave Matt. Although the Knights were only able to gather in four hits, it was enough as they were able to score an unearned run in the fourth and this was all Dave needed as he carefully scattered four hits.

Only once did the Panthers threaten and that was in the sixth when they had runners on first and second but Dave carefully pitched himself out of trouble.

Leading St. Michael's in the hitting department was Junior Frank Logan who had two hits. Frank played second base in place of the injured John Hartigan.

Pitcher Micky Moughan tries his swing during batting practice. (Duganphoto)

The Michaelman's Mike

by Mike Tranghese

For professional baseball players it's the World Series; for collegiate basketball players it's the N.C.A.A. tournament; for pro golfers it's the National Open; and for members of the St. Michael's College golf team it's the State and New England golf championships.

The New England and State championships are to the golf teams what the World Series is to baseball players and like to many of the teams of baseball, they are very confident that with a few breaks they can attain their much sought after title.

Last season, the team under the auspices of head coach George "Doc" Jacobs managed to win its first state title, and with five of the team's six starters returning, the outlook is very promising for this year.

Leading the team this year is junior Don Bank who has greatly improved since last season and who will be attempting to make up for the loss of last year's number one man, Walter Sharis. Other members of the team that are returning from last season are senior Tom Moylan, and juniors Marty King, Ernie Church, John Colangelo and Jim Sweet. These men have been playing now for some time and from some of the rounds they have been having they appear to be much improved over last season.

Leading the list of improvements is junior "Zings" Colangelo who has been breaking 80 constantly along with his playing partner Ernie Church. Tommy Moylan, Marty King and Jim Sweet have also been playing some pretty impressive rounds.

The team with the improvement in the play of these veterans appears to be a better group than last year's and with the addition of a couple of promising sophomores there can be no doubt about this. Leading newcomers are Jack Harvey and "Butch" Bjorkman, both of whom are pushing very hard for starting berths.

This year the state meet is being hosted by the Burlington C.C. the home course of both St. Michael's and the University of Vermont. Competition for the team championship appears to be a three way battle between Vermont, Middlebury and St. Michael's. Middlebury, up until last season had won six straight state golfing titles, so they will be bent on revenge.

The New Englands, the golfing world series for New Englanders, will be played at the beautiful Taconic C.C. located in the rolling hills of Williamstown, Mass. The tournament will take place May 10-12. Last season the St. Michael's team finished a disappointing ninth, so they are looking to improve vastly upon this mark.

From what I can observe, the play of the team right now looks very good and with a break here and there, the linksters could very easily be taking their second straight state title and their first New England golfing championship.

Golfers Trounce Larries, Jr. Set Field Day Pace

The St. Michael's College varsity golf team opened the season of a winning note by disposing of St. Lawrence by a count of 6-1. This victory was sweet revenge for the Knights, who were out to avenge last year's sole defeat at the hands of this same St. Lawrence team.

The match was played on the campus golf course of St. Lawrence which is located in Canton, N.Y. The Knights in taking the contest showed a well balanced attack as they were able to place four men in the 70's. Leading the team was junior Don Bank, who took medalist honors by recording a four over par 76. He was followed by sophomore Mike Tranghese who had a 78 and by Marty King and Ernie Church who fired 79's.

The results of the matches played were as follows: Donny Bank defeated Sylvia, 3 & 2; Marty King walked all over Roger Morgan, 7 & 6; John Coangelo nipped Sahr, 2 & 1; Ernie Church convincingly defeated Howie Reynolds, 5 & 3; Tom Moylan won his match by a 3 & 2 verdict and Mike Tranghese disposed of Bob Simpson 7 & 5. The other member of the team Jim Sweet was defeated 2 & 1 in a closely fought match.

Coach Ed Markey and St. Michael's College have waited five years for a baseball victory over the University of Vermont, but it was well worth it, as the Knights defeated the Catamounts 1-0. The Knights who were being considered by many as not even having a chance at this ball game did it the hard way. They not only beat Vermont, but they beat a good Vermont team that had their top hurler on the mound, Dick Cassani.

Even though the Saints were only able to touch Cassani for five hits, all in the second and third innings, they were able to pick up one run and that is all Knight hurler Fred Dupras needed. The sole run of the game was registered in the third inning, when centerfielder Bruce Martin lined a long triple down the right field line and was able to score when the relay throw into the third was wild. From then on it was all Dupras and Cassani. Freddie allowed the Cats but
